

SharesVault has signed MoU with Credernity for back ground check of the companies registering on SharesVault.

Ahmedabad, Gujarat (India)
November 27, 2012

Ahmedabad based unlisted companies equity trades online platform – SharesVault has joined hands with reputed back ground check agency Credernity. As a part of operation of SharesVault, company, company promoter/director and individual investor back ground checks are done prior to their registrations approved by SharesVault and which will be helpful to avoid frauds and keep system clean. It's also helpful for investor registered on SharesVault to take his/her decision to invest in any company.

SharesVault is an online platform for fast growing unlisted companies and potential investors looking to invest in quality non IPO enterprises with growing sales and profits. Registered investors on SharesVault platform can buy/sell shares of companies registered on SharesVault. Companies which are looking for funds for their expansion can get funds through SharesVault just by diluting minimal stake.

When any company or investor registers on platform, it's mandatory for them to have back ground check done. To facilitate this SharesVault signed MoU with Credernity which will give background check report of company, company director/promoter and investor. Background check like criminal check, court check, media check and financial documents check etc will be carried out by Credernity. At the end of background check detailed report will be submitted with remarks if found any.

SharesVault is in talk with various companies to raise capital through SharesVault and if needed Credernity will be asked to carry background check on them. SharesVault trusts Credernity reports as Credernity is very well reputed firm in this segment for quality and trustworthiness of analysis done by them.

It is encouraging for SharesVault to get support from such reputed firm and SharesVault will always be grateful to them.
